

Online Tutor Parent Scorecard

Compare up to three tutors using the seven areas from the article. Ask for examples, then record what you can verify.

Child / learning goal: _____

Tutor A: _____ Tutor B: _____ Tutor C: _____

Rating: 1 = unclear or weak fit; 2 = partly meets your needs; 3 = clear, evidenced fit.

Leave unknowns blank and follow up. Safety concerns require answers regardless of any score.

Evaluation area	A	B	C
Individualization and fit One-to-one attention; placement by current skill.			
Tutor quality and vetting Teaching ability; clear vetting and safety practices.			
Teaching approach Active practice, explanations, and mastery.			
Progress tracking Specific evidence of skills gained and next steps.			
Engagement and relationship A consistent tutor who knows your child.			
Real outcomes Work your child can demonstrate and explain.			
Practical fit and value Reliable technology, scheduling, updates, and clear costs.			

Most important criteria for our family / evidence still missing:

Online Tutor Parent Scorecard

Interview notes. Use a copy of this page for each tutor, then compare your evidence on page 1.

Tutor / service: _____ Date: _____

1. Is it truly one-to-one, and will my child have the same tutor each session?

2. How do you assess my child before teaching begins?

3. How will you adapt to their level, pace, interests, and learning gaps?

4. What specific progress will you show me, and how often?

5. How are tutors selected and vetted, and how are sessions kept safe?

6. What will my child be able to do or show after working with you?

7. What happens when my child gets stuck?

Red flags to investigate: pressure to sign up immediately, vague safety policies, guaranteed grades, rotating tutors, passive lessons, or certificates presented without evidence of learning.
